SUMMARY

As a Front-End Developer, I specialize in creating responsive and user-friendly web applications. I'm proficient in HTML, CSS, and JavaScript, with a strong focus on React and Next.js for building dynamic and scalable solutions.

I have hands-on experience integrating RESTful APIs to provide seamless, data-driven user experiences. I'm passionate about writing clean and efficient code, optimizing website performance, and keeping up with the latest front-end development trends.

I enjoy collaborating with cross-functional teams to deliver high-quality web applications that meet client needs and delight users.

CERTIFICATES

IELTS - 7.0
2019 - 2021

Farid Zeynalov
Front-End Developer

EXPERIENCE

Front-end Developer

One Studio ↗
04/2022 - Present

I have extensive experience in front-end development, working on a diverse range of websites across multiple industries including corporate, hospitality, real estate, healthcare, education, and e-commerce. I specialize in building responsive, visually appealing, and user-friendly interfaces while ensuring cross-browser compatibility, performance optimization, and scalability.

I have developed custom interactive platforms and dynamic web applications tailored to specific business needs, focusing on clean architecture, reusable components, and seamless user experience. My work includes implementing booking systems, interactive tools, data-driven interfaces, and high-performance corporate platforms.

In each project, I utilized **HTML, CSS, JavaScript, React, and Next.js** to build and maintain modern web applications. I also integrated **RESTful APIs** to enhance functionality, streamline data management, and improve overall user experience. Additionally, I focused on SEO optimization, performance improvements, and responsive design to ensure consistency across all devices.
